Dear Colleagues,

Students being considered for membership in Lambda Pi Eta are required to have a faculty nomination. We ask that your nomination speak to the student’s commitment to the study of Communication and/or Media Arts. When filling out this form, please describe the ways in which the student has demonstrated that commitment through any of the following: outstanding research, outstanding projects, service to the community with skills relevant to the student’s concentration, or some other example that you deem relevant to evaluating the student.

Please return this form to Dr. Jen Eden (LT 222). Thank you for taking the time to support the students in this process.
